“Jeannette Spencer began working for Rockville Nursing Home on April 16, 1997 as a part time receptionist working evenings, weekends and holidays. When an Assistant Bookkeeper position became available in April of 2002 I offered Jeannette the position. As Assistant Bookkeeper Jeannette learned about our financial procedures and the corresponding computer process for Medicare and Medicaid systems as well as the admission paperwork process for smooth transitions for billing for our families and residents. Jeannette was promoted to Bookkeeper in April of 2013 when our long time Bookkeeper retired. As the Bookkeeper Jeannette continues to learn and perform many business office functions as challenging changes arise. Jeannette is a valued member of the Business Office and an asset to our Rockville Nursing Home Team.”
